

Colonoscopy Packages

A colonoscopy is a procedure that screens for bowel cancer. Using a flexible fibre tube, the procedure provides a detailed optical view of the large bowel. If polyps are found, they can be removed and sent for laboratory for testing.

Prices from:
\$14,060

Package Fee (including hospital and doctor fees)

	Standard Room	Twin Room	Private Room
Colonoscopy - IV Sedation	\$14,060	\$16,294	\$20,440
Colonoscopy - M.A.C.	\$17,660	\$19,992	\$25,120

IV sedation – A sedative is injected into the vein to help patients feel relaxed, whilst still being aware and able to respond.

MAC – Monitored Anaesthetic Care is administered by a specialist in anaesthesia and is commonly used in day surgery. It helps patients feel calm and unaware of the procedure.

Terms and Conditions:

- The above charges do not include removal of polyps and biopsies procedures. Additional charges on specialist fee and other laboratory or imaging tests, special equipment, treatment and medication beyond those included in the package.
- This package is for day procedure only.
- A referral letter is required to book the procedure.
- This package is only available for designated doctors.
- Other extra charges include emergency or unsocial hours services beyond the routine procedures; procedures extending beyond the scheduled operating theatre time; and miscellaneous items such as meals and IDD telephone calls.

Prices Include:

- Room (discharged the same day)
- Operating theatre
- Specialists' fee
- Nursing care
- Drugs and dressing
- Bowel preparation medication

Dietary restriction for bowel preparation is required 3 days before the procedure.

Do not eat or drink at least 6 hours prior to the procedure.

Stop taking aspirin or Plavix (clopidogrel) 7 days before the procedure. Stop warfarin 5 days before the procedure. Discuss with the doctor in advance. A blood test may be required.
