

MATILDA CHILDREN'S FOUNDATION

APPLICATION FOR SURGERY

The Matilda Children's Foundation is a charity organised by the Matilda International Hospital in Hong Kong, offering children life-changing surgery.

Applications may be received from parents, carers, and responsible adults of children under the age of 18 for whom surgery may be life changing and who reside in South East Asia.

The Foundation will sponsor fully the surgery of children who do not have alternative means to receive surgery, and for whom surgery would be life-changing.

It will also consider the medical surgical aspects of the applicant but also the social, psychological and community aspects of the applicant and his or her support, as it is the Foundation's aim to ensure that the surgery forms part of a general process of recovery or improvement involving the family, the community and local healthcare facilities.

When applying for the Foundation's support, please be as detailed as possible and provide the Foundation with additional information such as medical records, and photo materials, etc.

Date of application _____

Place of application _____

PERSONAL DETAILS

Name of the child: _____

Date of birth: _____ Age: _____ Sex: _____

Name of parent / Responsible carer: _____

Address where child normally resides: _____
