

Total Hip Replacement Minimally Invasive Package – Smith & Nephew

Our Total Hip Replacement package utilises the minimally invasive SPAIRE technique, offering options for one or both hips with Smith & Nephew implants. This advanced surgical approach is designed to shorten hospital stays, promote faster recovery, and allow unrestricted post-surgery activity.

The SPAIRE technique ensures precise and effective treatment, providing patients with high-quality care and the opportunity to regain mobility and confidence in their daily lives. Smith & Nephew implants are recognised for their cutting-edge technology and exceptional performance in joint replacement.
